- Sustainable Landscape Maintenance Plan
 - Electric Equipment
 - Reduce Landscape Waste
 - Updated Reservation Plant List

MASTER PLAN

CAMBRIDGE MASSACHUSETTS

Reservation Regulations

Fresh Pond Reservation is open daily from dawn to dusk.

All acts that pollute or tend to pollute the water supply are prohibited.

No person shall fish, swim, bathe, boat, or permit his or her animal to swim in Fresh Pond Reservoir.

Removal of, or damage to, any structure, sign, plant, tree, or natural feature within the Reservation is strictly prohibited. Researchers require a permit issued by the Water Board.

Littering of any kind is prohibited. Refuse must be placed in designated waste containers throughout the Reservation.

Cambridge-licensed dogs may go unleashed at Fresh Pond, provided that they have been trained to follow oral commands, are confined to designated shared-use areas, are kept off mowed grassy areas, and do not harm or harass people, other dogs, or wild animals.

All dog waste must be removed and placed in the waste containers provided.

Public assemblies or events are limited to 50 participants. All group assemblies of more than 25 participants require a permit issued by the Water Board.

Motorized vehicles and off-road vehicles are allowed in the parking lots only. All remotely controlled vehicles including drones, planes, boats, and land vehicles are not permitted.

Possession or use of alcoholic beverages or controlled substances is prohibited.

No person shall act as a nuisance to Fresh Pond Reservation users or engage in the sale or display of goods or wares, or distribution of flyers and other materials.

Fires are not permitted within the Reservation.

Parking is available in designated areas to those with Cambridge residential parking permits. All others will be tagged and towed at the owner's expense. Visitors to the Reservation may not park in spaces designated for Neville Place and Neville Center.

Bicycles must be operated with due care, recognizing that pedestrians have the right-of-way.

All persons in the Reservation shall obey the lawful directions of regulatory signs, police officers, animal control officers, rangers, and Water Department employees.

Update off-leash areas based on a review of regulations, shared use agreements

Motorized vehicles may need to be expanded to include power-assisted scooters, bikes
